# *Graded List of Braille Publications*

## *1935 Supplement*

### SECTION A

#### GRADES I-III

This list has been compiled as an aid to teachers making selections of books to be read in the first three grades. It is the first section of a composite list of the several grades, i.e., I-X-Adult and Ungraded, in which each title in the General Catalog, with its reading range indicated in Roman numerals, has been assigned to a particular set of grades, no book being listed more than once throughout the entire series of lists. It should be borne in mind, therefore, that this is a skeleton list of braille titles for the first three grades available from the American Printing House for the Blind, and should be supplemented in individual cases by reference to the list for Grades IV-VI, and the Ungraded list. For detailed information in regard to each title, refer to the Catalog of General Publications.

### *Non-Fiction*

#### ARTS, USEFUL

##### PHYSIOLOGY SERIES FOR ELEMENTARY GRADES:

PLAYROAD TO HEALTH, THE, by S. Weir Newmayer and Edwin C. Broome. Grade 1. (III-IV).

# *Graded List of Braille Publications*

## *1935 Supplement*

### SECTION E

#### UNGRADED TITLES

The following list is comprised of a number of books which are available from the American Printing House for the Blind, but which have been considered unnecessary to grade. It is the fifth section of a composite list for the several grades, i.e., I-XAdult and Ungraded, in which each title in the General Catalog, with its reading range indicated in Roman numerals, has been assigned to a particular set of grades, no book being listed more than once throughout the entire series of lists. It is purely supplementary in character, consisting only of primers on braille and braille music, books in foreign languages, etc.; all other titles being contained in Sections A to D of the composite list. For detailed information in regard to each title, refer to the Catalog of General Publications.

#### *Non-Fiction*
